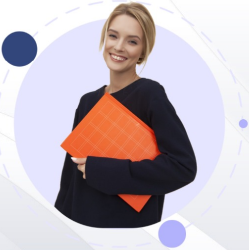
You can use these digital marketing skills to make lots of money for yourself.



Right now, i want to share with you the Five (5) secrets that most people on the internet don’t know, that’ll help you succeed and achieve making the **$1000(700k)** every single month with digital marketing...

But before i go on to tell you, i need you to know that 98% of my students who were complete beginners at first have gone on to make millions within their first year...

In fact, last year on december 16th, when i held a mastermind seminar for all my students, I discovered that;

A) Many of them have gone on to become expert digital marketers.

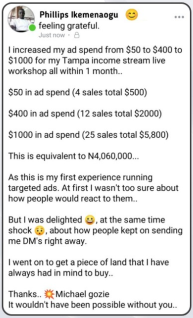
B) Many of them went out on vacations to various countries more than twice last year.

C) Many of them earn more than 3 million **(3,000,000)** monthly and also, many of them have earned more than 48 million naira **(N48,000,000)** individually in the past 2years.

For example;
PHILIPS IKEMENAOGU, a student of mine, who within his first month of learning a high-income digital marketing skill was able to make **4 million naira**...

He later went on to purchase a landed property and that was the start of his digital marketing journey.

He now makes millions every single month.



Phillips Ikemenaogu 😊 feeling grateful.
Just now ·

I increased my ad spend from $50 to $400 to $1000 for my Tampa income stream live workshop all within 1 month..

$50 in ad spend (4 sales total $500)

$400 in ad spend (12 sales total $2000)

$1000 in ad spend (25 sales total $5,800)

This is equivalent to N4,060,000...

As this is my first experience running targeted ads. At first I wasn't too sure about how people would react to them..

But I was delighted 😀, at the same time shock 😯, about how people kept on sending me DM's right away.

I went on to get a piece of land that I have always had in mind to buy..

Thanks.. 💥Michael gozie
It wouldn't have been possible without you..

N4 million in 6weeks (Awesome)

It has been an incredible journey so far with Michael gozie's coaching...

There are lots of consultants in the digital marketing niche,

but there less than 10% of consultants who make less than N700,000 in a month...And these are my target audience.

because in truth, I only need about 20 clients to make 4 million in 6 weeks.

With Michael gozie's coaching, i have been able to properly utilize various digital marketing skills to get my required clients who can afford to pay me for my high-ticket offer.

Thanks a lot Michael gozie.💯🙏

There's also **JOSHUA MBAKA**, another student of mine, who was a struggling consultant when he met me but after learning digital marketing was able to make **4 million naira (N4,000,000)** in **6weeks** and has now gone on to make millions every single month by selling high-ticket offers in various niches.

D) Many of them have gone on to get a befitting apartment, landed properties and powerful cars for themselves.

For example;

SAMUEL OPEYEMI who when he met me had no money and was struggling until he learnt digital marketing and various high-income skills.

He was able to make **1.2 million** within his first month of learning digital marketing and he is now an expert digital marketer that earns nothing less than **3 million naira** every single month.

He went and got himself a car and various properties. Recently, he got his 3rd landed property.

E) Most especially, 95% of them have built a successful and profitable 6 to 7 figure monthly online business for themselves.

This is to show you that, first of all, digital marketing works and you can make at least **$1000 (700k)** every single month with digital marketing.

Although, many of my students who started digital marketing, started with the intention of just having it as a side hustle to supplement their business where they were looking to make at least **20k, 30k** etc to supplement their salaries....

Last year, while i was discussing with all my students in the mastermind seminar, i also discovered a unique similarities that each and every one of them used in easily making more than **$1000 (700k)** in their first months as beginners in digital marketing.

I FOUND THAT ALL OF THEM FOLLOWED THESE EXACT SAME FIVE (5) SECRETS TO EARN THIS $1000 (N700K) WITHIN THEIR FIRST MONTH IN DIGITAL MARKETING.

For example, Take **BISIOLA MAKINDE**, a student of mine who was an accountant working a 9 to 5 stressful job who's salary was not enough. Before the end of the month, her salary would be finished and she'd be back to square one with no money.

After learning digital marketing, she got herself a brand new samsung plasma tv worth **300,000 naira (N300k)**.

She later left her accountant job to focus on digital marketing where she now earns nothing less than **850,000 naira (N850k)** monthly.

For example, Take **MRS. JUMOKE**, another student of mine who is a mother of **4** children that was struggling in business...

After learning digital marketing, she was able to make **5 million naira** from selling her products which she initially struggled to sell for years.

She is now amazed at how much she makes in a single month.

My first 6.7 million naira in just 2 months..
Thanks Michael gozie for your support..

Several hurdles over a period of time but by the end of February, i had a webinar and a marketing strategy that began to work wonders for me.

For march so far,

I had 4 webinars, plus 1 on Wednesday evening ...

With digital marketing, I sold approved diabetes products worth N30,000..

I had an upsell product of N65,000.

And in 2 months i sold over 6.7 million naira...

I am very happy that I chose the right mentor who helped me achieve 💯 all my goals..

Thank you..Mr. michael gozie for all your effort. Bless you!!🙏🙏

For example, Take **REBECCA UTOMI**, another student of mine who is now an expert digital marketing.

After holding **4** webinars, plus **1** on a wednesday evening, where she sold an approved diabetes product worth **N30,000 naira** and an upsell of **N65,000 naira**.

She was able to make **6.7 million naira** in just **2 month** of selling using digital marketing.

There also **OPEYEMI DARE**, another student of mine who was working for a company as a technician earning just **50,000 naira monthly**.

Life was a little bit fair for him, but he really made the most out of his life when he learnt digital marketing.

After learning digital marketing, he was able to make **5 million naira** in **3month**..

He then went on to open an electrical business for himself. Recently, he just rented an apartment worth over **900k** to **1 million annually**.

Digital marketing is the fastest way to make lots of money on the internet today.

I made 2.2 millions in the first 1month..And guess what!!

I went and gifted myself this laptop Apple MacBook pro 2020 16gb Intel core I5 SSD 512gb worth N655,000 naira.

Thanks to @michaellgozie

There's also **OSINACHI JOHN**, another student of mine who was a sales man at alaba int'l market.

He'd always survive on the little money his hustle could get him for that day..So, if it's a bad day in the market, it'll also be a bad day to make money....

This lifestyle usually affects his survival. He was at critical point in his life until he came in contact with digital marketing.

After learning digital marketing, he was able to make **2.2 million naira** in his first month...

He went and gifted himself with an apple laptop to continue his work and that was how his career in digital marketing started. He's now a multi-millionaire who make millions every single month with digital marketing.

AND NOTE, EVERY SINGLE ONE OF THESE PEOPLE YOU'VE SEEN SO FAR STARTED WITH ZERO EXPERIENCE IN DIGITAL MARKETING AND YET, LOOK AT HOW MUCH THEY ACHIEVE SO FAR WITH THEIR LIVES...

Now! I understand that every thing you've seen here so far might sound too easy for you, and i get it..

The truth is....

A lot of the so-called gurus and coaches out there try to complicate making money on the internet.
They make it seem like making money online or even making upto **$1000 (700k)** every single month is like an impossible task...

But i can assure you that, if you know these **5** secrets in digital marketing, you need not to stress yourself about making money...

Why am i so sure about this??
This is because myself and countless other people have achieved a lot with digital marketing....

WHO AM I

MICHAEL GOZIE.

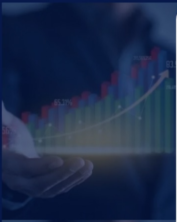
FOUNDER & C.E.O : MAZSAPEL SOLUTIONS ADVERTISING, SALES & MARKETING AGENCY.

My name is Michael Gozie. I am a businessman and an Entrepreneur.

I am a **Digital and Direct-response marketer**......I am also a **Web developer/designer** and a **Direct-response copywriter**...

I also run an **Affiliate marketing business**, an **Auto-mobile parts business** and an **Information marketing business (Course creator)** where i only sell to the foreign market....

I am also a **Media buying expert**, who have used advertising to generate 9-Figures for my business and for my clients...



But, life wasn't always as good as this!!!

Many years ago, I thought I wanted to be a medical professional until I graduated from the university, only to discover that life outside of school was difficult.

Things had become so terrible that I had to change careers from medicine to work in the importation industry just to sustain myself and my family.

Later, after working in the importation industry for three years, I became bored of some people having a monopoly over the industry and only the big dogs making all of the money.

I had to quit the sector because I was frustrated, and I had to start a tiny business, which I struggled to sell after four months.

Life pushed me so hard that I was determined to persevere and fight back against the business crisis I was facing.

Also, because of that, i went into online business thinking i would hit it big.....

That was when i entered into the world of digital marketing.

I was seriously learning, from one digital skills to another in search of greener pasture. Later on, i was so high on a lot of digital skills but still wasn't making any money.....

Until i understood the 5 secrets that i and countless of my other students have used to become multi-millionaires on the internet.

I didn't realize I had a talent for selling until I discovered the secret that top industries and advertisers use to make huge money and sell easily online...

My first product, which raked in millions, was sold to 1000 people online on November 7th.

That instantly made me a millionaire and ever since then I've been selling and creating more products.

I have also produced millions for my foreign & local clients using the same digital marketing secrets that i am going to share with you.........

TESTIMONIALS

Here are testimonials of both foreign & local clients my agency and i have generated results for.

"My wife and I have really benefited from Michael's hard work since we came in contact with him on our vacation in Dubai. Our agro sales from Q1-Q4 have been tremendous. My wife still can't believe it. We're so happy to have Michael's agency run our business for us successfully."

Mr. & Mrs. Miller

"Clients I obtained after submitting the first work samples I created are leads that Michael gozie's agency generated, and I've earned thousands of dollars as a result. In addition, I've been able to pursue my interest in travel. Mazsapel solution is really good at what they do. I'll always recommend Michael gozie."

Mr. John P. Paniagua

Mr. Dante Fernando
ENTREPRENEUR.

"I was referred to Michael Gozie's from a top vendor on warrior-plus. Honestly, I didn't expect less since he was referred. His agency has generated about a 12% increase in my masterminds & course sales in the last 6 months than I ever did solely. For me, it's his marketing tactics that are quite a phenomenon."

Daniel Treloar
8 FIGURE INTERNET MARKETER.

"I had always gotten clumsy advertising results with my E-commerce business. Fortunately, mazsapel solution came to my rescue. At most I did $30,000 in 3-months of product sales but when mazsapel solution agency took over my advertising and marketing....I was able to scale more in advertising. They helped me produce $75,000 in product sales after 3 months of working with them."

Mrs. Sara Valeria
STAY AT HOME MUM (7 FIGURE INTERNET MARKETER)

"Michael's agency handles all our marketing & Advertising and so far, we have successfully been able to scale 2 of our biggest brands to 8-figures. We've been able to take a fair share of our industry's market and his marketing systems are really an eye opener to what's in store for our brands in the nearest future."

Mrs. Alice J. Cortez
ENTREPRENEUR.

"I had always squandered lots of money on copywriters to create copies for my products. After hiring mazsapel solution agency. I now spend more money on advertising, which has resulted in more profit. To be honest, I am overjoyed that business has recently improved."

Mr. Isaac Kwesi
BUSINESSMAN

"I wasn't exposed to marketing and advertising until I attended one of michael gozie's seminars during one of my many visits to Dubai to buy my products. After that, I decided to give it all a try, which was one of the best decisions I made for my business. His agency has generated a lot of sales & customers for my business that I have never witnessed before within a short period of time. I am so happy I got to work with him."

THE LIFE YOU WANT TO LIVE IS VERY MUCH POSSIBLE...

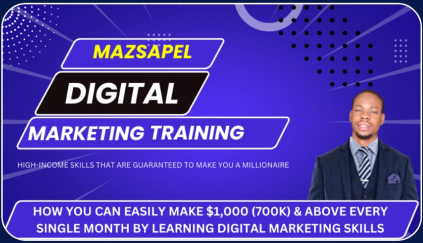
The market is saturated and digital marketers are now many, if you keep on doing what the majority of digital marketers are doing, you'll keep on getting the same bad results as them...

And that's one of the main reasons why many digital marketers find it difficult to even make upto **$1000 (700k)** monthly...

So, to get your desired results, you need to start doing digital marketing using the **5** secrets to get results that normal digital marketers wouldn't get. So, attend this webinar to be able to find out the secrets...

Introducing....

MAZSAPEL DIGITAL MARKETING MASTERY WEBINAR...



MAZSAPEL
DIGITAL
MARKETING TRAINING
HIGH-INCOME SKILLS THAT ARE GUARANTEED TO MAKE YOU A MILLIONAIRE
HOW YOU CAN EASILY MAKE $1,000 (700K) & ABOVE EVERY SINGLE MONTH BY LEARNING DIGITAL MARKETING SKILLS

This advanced digital marketing mastery webinar was created specifically to make you a **millionaire** and a **master or expert digital marketer**.

This is because too many so-called digital marketers are only teaching you what they want you to know and not what you ought to know.

You can't really blame them for doing so...

Why??

This is because, they themselves don't even know the best and proper way to run profitable online business with digital marketing to get great results for themselves....

And that's why majority of them can't even boast of **$1000 (700k)** monthly, Some can't even boast of **1-3M monthly** from their own internet business...

They'd rather tell you to follow or use the random digital marketing procedure to run your business which to them, is the only way to run an internet business.

They'd also tell you to follow all other crappy techniques that'll only do half of the real work, which is, to get you more conversion, customers, and sales.

There are many so-called guru's out there, but I can assure you that by attending the **mazsapel digital marketing mastery webinar,** you'll become one of the best in the African market.

Other people will teach you, but might not show you what to do, by attending this webinar, you'll learn advanced techniques that big companies and industries in first-world countries like; the **US, Canada, Australia,** etc.. use to make multi-million dollars in return from their businesses.

In this webinar you'll learn; **Advanced Facebook & instagram ads course, Advanced google ads course, Advanced youtube ads course, Advanced copywriting course, Whatsapp marketing course,** and **Web dev. & design course, Graphic design course** and many other secrets information like;

"How to sell anything online to either the foreign countries or your local countries (which could either be a physical or digital product)"....

These webinar was created so that you'll be able to master everything you need to become a master or expert digital marketer that makes **$1000 (700k)** and above every single month.

Don't be tempted or skeptical to ask **"does it work?"**
It has been attended over and over by people who are now big marketers & business people who now travel around the world. So, it works. It has worked for me, it has worked wonders for my clients and students and it will **101%** work for you.

It doesn't matter if you're a beginner or an intermediate, business owner, or even someone with an online/offline business.

TESTIMONIALS

Here are testimonials of what my foreign & local students who attended this webinar said;

"Running my ads campaigns used to be a nightmare for me. I always felt like the process of running a successful campaign was difficult and impossible to master. Until I learned everything I needed to know from michael gozie's .... Running my campaigns is now second nature to me. I've been able to profitably do so."

Katherine R. Perdue.
STUDENT...

"Thanks... I kinda thought it was gonna be like that of other folks out there. But surprisingly, I think it was one the single best thing I really did for my e-commerce business this year. I've been able to see a 3% increase in revenue from scaling my ads using what i learned."

Paul K. Luttrell.
STUDENT...

"I was feeling disorganized. There were lots of campaigns and assets targeting scattered all over my ads manager. I was continuously creating fresh ad copies, switching off old ones that would have converted,.. and adding new creatives that still didn't work. I was so concerned that my business was slipping away from me, and my mind was exhausted.... I can't express my gratitude enough."

Mrs. Tara J. Moore.
STUDENT...

"I've always been afraid of creating digital products since I've never known how to sell them using advertising. I was hesitant ..... at first, but I took a chance and tried it out. To be honest, it was the finest thing I could have done. I produced my first product and promptly sold it to 30 people within the first hour of its release."

Elena Jada
STUDENT...

"My ads copy contained a lot of miscommunicated and dull words, which resulted in low product sales. After receiving the mazsapel digital marketing mastery..., all I do now is produce more and more items without having to worry about how to sell them."

Samuel Nicolas
STUDENT...

"Seriously, michael gozie's... is the best. You'll definitely know that the guy is simply an expert at what he does. I love how easy it was for me to understand everything. Thanks"

Justin Ihenacho
STUDENT...

" I can't thank you enough sir. I was able to launch my first funnel in 2weeks. The shocking thing was that after 1week of running my ads using his method, i was able to make 12 sales with a product that cost N40,000 naira. A whooping N480,000 naira. I am looking forward to getting to 1-3M in 1 month."

Kacey Owusu
STUDENT...

"I am truly grateful..... I have been able to learn lots of digital skills that would have cost a fortune had I decided to start learning them individually."

John Kwabena
STUDENT...

Don’t get me wrong!

There’s a reason I am making this life-changing webinar almost free with a fee so cheap as this, and it’s because;

➡ Anyone who isn't serious enough about their business to attend this high-quality, life-changing webinar like this is unlikely to succeed and will hardly ever make money from their business.

➡ Currently in the country, I know how bad the situation of the economy is right now...You can’t keep on depending on your monthly salary to keep yourself and your family properly fed...

The good news is that your purchase will pay for itself in a matter of 1-2weeks, regardless of your current level of experience or knowledge. You can also offer your services to other businesses for a huge sum of money.

I know various websites or sales pages that offer’s you something cool for free and end up not delivering on their promise. This isn’t one of them.
